

PRIMEDIAGNOSTICS

Blood Testing (HEMATOLOGY SERVICES)

Powering Informed Patient Health Decision Making

At **PrimeDx Diagnostics**, we provide accurate and reliable **hematology testing** with a fast **24-48 hour turnaround time** from the moment samples are received in our lab. Our advanced diagnostic services support healthcare providers in delivering timely and informed treatment decisions. With a commitment to precision and efficiency, PrimeDx ensures high-quality results to enhance patient care.

Specially developed for antifungal detection, the **ACE-Dx Test** by Prime Diagnostics can detect all common fungal infections and pathogens, including Candida infection, E. coli, norovirus and more.

Our real-time PCR pathogen diagnostic solution can simultaneously detect all common types of pathogens in one reaction and give you a detailed review of the pathogens present in a urine sample and their quantity.
